

WaterMaxx 2 Radio Spot – 30 seconds

Growers, (insert radio announcer or Nutrien Ag Solutions rep) here for Nutrien Ag Solutions, asks “are you getting the most out of your irrigation water?” Facing problems with run-off, evaporation, or standing water in your fields? Maximize your available water with WaterMaxx 2 from Nutrien Ag Solutions. WaterMaxx 2, a soil surfactant technology, improves water infiltration to the soil with nutrients and water retention to plants in the rootzone. With "more crop per drop" Watermaxx 2 promotes consistent crop quality for the growing season, talk to your local Nutrien Ag Solutions retailer today. (Always read and follow label directions).
