

# Accomplish<sup>LM</sup>

## Soil Applied

The Accomplish<sup>®</sup> line of products are innovative biochemical fertilizer catalysts designed for use with both liquid and dry fertility programs, significantly increasing fertilizer availability and overall plant performance. **Accomplish LM is specifically formulated for use with liquid fertilizer and broadcast applications.**

### PRODUCT BENEFITS:

- Improves nutrient availability and uptake
  - Helps maximize availability and uptake of phosphorous, potassium and other nutrients
- Promotes better root growth and plant development
- Improves plant performance
- May increase crop yield
- Used at low volumes and compatible with a variety of fertilizers

## Superior Performance with Accomplish LM in a Starter Program with RiseR<sup>®</sup>

### Corn – CPS Field Trial, Brookville, IN (2010)

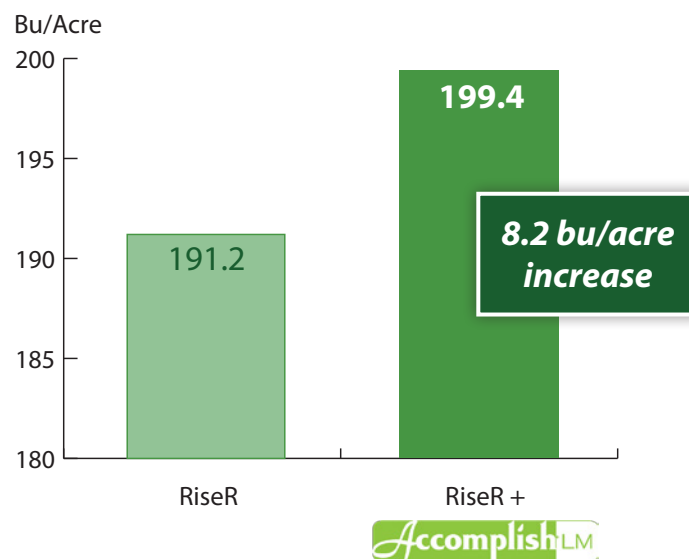

Accomplish LM applied at 1 quart per acre with RiseR at planting;  
RiseR applied at 2.5 gallons per acre

### 30 Days After Planting

RiseR

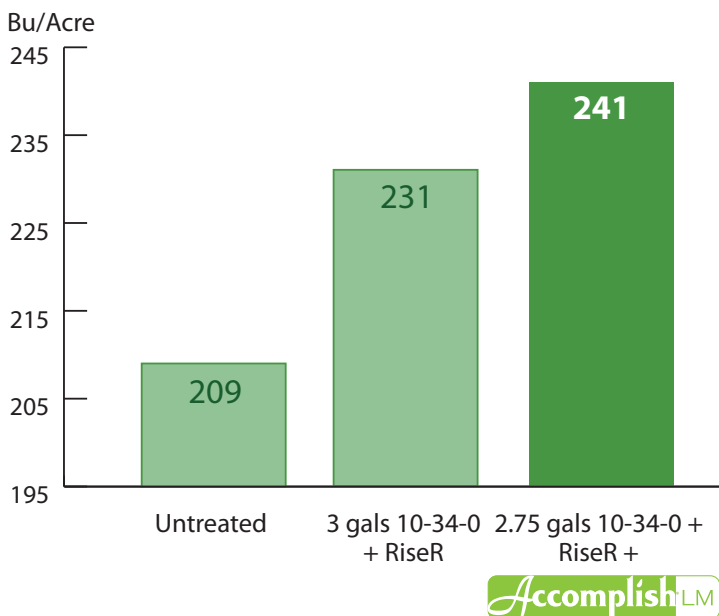

RiseR +

**Superior Performance with Accomplish LM in a Starter Program with RiseR**

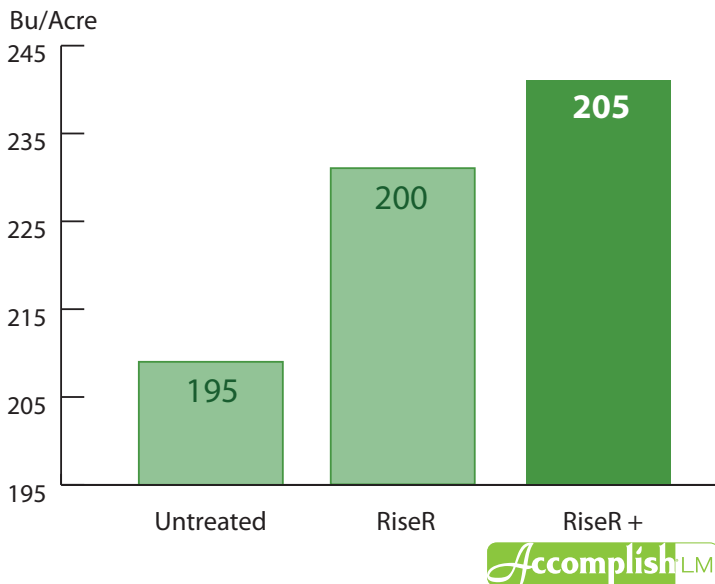

**Corn – CPS Field Trial, Cozad, NE (2010)**

Accomplish LM applied at 1 quart per acre;  
RiseR applied at 2 gallons acre

**Corn – CPS Field Trial, Owensboro, KY (2011)**

Accomplish LM applied at 1 pint per acre with RiseR at planting;  
RiseR applied at 2.5 gallons per acre

**Corn – CPS Field Trial, Sargeant, MN (2010)**

Accomplish LM applied at 1 qt per acre + 2.5 gals RiseR  
Hybrid seed variety: 40ss09
