

Soil Applied

The Accomplish® line of products are innovative biochemical fertilizer catalysts designed for use with both liquid and dry fertility programs, significantly increasing fertilizer availability and improving overall plant performance. **Titan® PBA is specifically formulated for use with dry fertilizer blends. Accomplish LM is specifically formulated for use with liquid fertilizers, manures and other broadcast applications.**

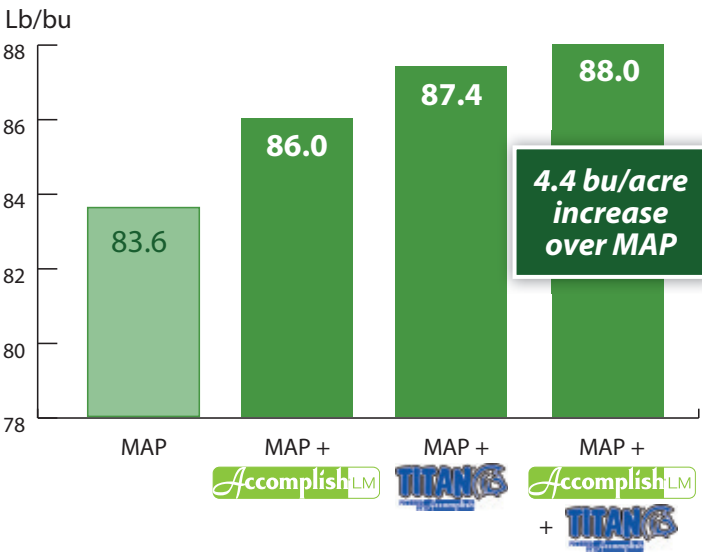

PRODUCT BENEFITS:

- Improves nutrient availability and uptake
- Enhances nutrient use efficiency
- Promotes better root growth and development
- Improves plant performance
- Optimizes yield potential
- Used at low volumes and compatible with a variety of fertilizers

Utilize Accomplish LM and Titan PBA in Combination to Maximize Yields

**Wheat – Whitewater, WI (2013)
Agri-Tech Consulting**

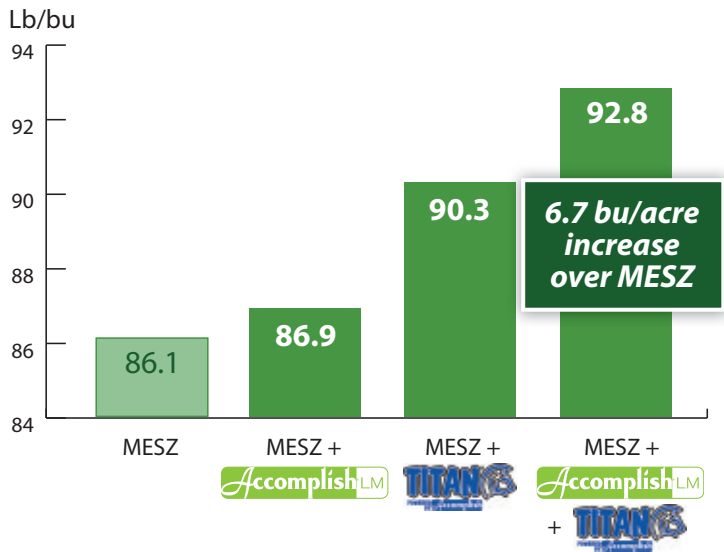

Titan PBA applied at 1 gallon per ton on 100 lbs MAP
Accomplish LM applied at 2 quarts per acre topdress

10 reps 10' x 50'
