

**LEVITATE™** is a Loveland Products proprietary starter fertilizer formulated with a blend of proven fertilizer biocatalyst – **Accomplish® LM** as well as **ACA® technology**, fulvic acids and EDTA chelated Zinc. For starter fertilizer users, **LEVITATE™** is the only starter on the market combining all three fertilizer efficiency technologies to increase nutrient availability and uptake - because growers know the only nutrition that matters is what gets in your crop.

**FEATURES/ ADVANTAGES/ BENEFITS:**

- Critical Phosphorus and Zinc for early season growth
- Enhanced nutrient availability and uptake
- Acetate technology to drive root growth
- Low salt, seed safe formulation
