

PRO Iron5

PRO IRON 5™ (6-0-0) is part of a line of Pro Micronutrient Products designed primarily for soil application but with the added flexibility of foliar uses to address the needs of a variety of crops across a range of cropping systems. Formulated with chelators and sequestering agents in addition to EDTA forms of metals, **PRO IRON 5** from Loveland and available exclusively from Nutrien Ag Solutions provides compatibility and application flexibility to provide the results growers like you demand.

FEATURES:

- Highly available form of EDTA Iron
- Chelation and sequestering agents for compatibility and efficiency in many applications
- Multiple formulations to suit a variety of crop needs and application practices

APPLICATION GUIDE:

Banded, In-Furrow or V3-V8 for most crops

RATES:

1-2 quarts for most crops

ACTIVE INGREDIENTS:

6-0-0 3% Sulfur, 5% Iron
