

Foliar and Soil Applied

For progressive growers that want higher yields, **Riser® F/A** is the only seed safe, in-furrow pop-up fertilizer with ACA® technology enhanced with fulvic acid. Riser F/A is proven to provide essential nutrients for accelerating plant emergence and health while increasing root mass.

FEATURES:

- Maximizes Nutrient Availability
- Increases Nutrient Uptake
- Improves Photosynthesis
- Fulvic Acid

GROWER BENEFITS:

- Extracts nutrients locked in soil profile
- Ammonium Acetate – Nature's Mining Agent
- Zinc stimulates auxin production
- Increases root growth and nutrient interception
- Provides energy for increased respiration
- Provides essential micro-nutrients Cu, Fe, Mn, and Zn
- Has a CEC of 1400 increasing the soil's ability to retain nutrients in the profile
- Helps move nutrients through membranes and translocates them to metabolic sites in the plant for improved utilization
