

Task Force® 2

TASK FORCE® 2 is an 11-8-5 fertilizer with micros including boron, cobalt, copper, iron, manganese, moly and zinc. **TASK FORCE 2** is an excellent “catch all” nutritional product.

FEATURES:

- Can be applied foliar to soybeans, corn and alfalfa
- When sprayed early in soybeans, **TASK FORCE 2** will help retain blooms, discourage aborting blooms and offer a greater opportunity for the plant to set more pods.

RATES:

Alfalfa: Use **TASK FORCE 2** at 2 to 4 pints per acre. Apply after each cutting at 2nd trifoliolate.

Cereal grains (barley, oats, rye, wheat): Use **TASK FORCE 2** at 2 to 4 pints per acre. Begin after development and continue at 2-week intervals.

Corn (field and sweet): Use **TASK FORCE 2** at 1 to 2 quarts per acre. Begin after the 2nd leaf unfolds for a total of 6 applications.

Soybeans: Maintaining blossoms and filling pods are moisture and nutrient dependent functions. **TASK FORCE 2** is a great supplement to maintain pods and boost yield.

Use **TASK FORCE 2** at 1 to 2 quarts per acre. Apply anytime prior to bloom for faster recovery after stress.
