

DON'T LET SAVING MONEY ACTUALLY COST YOU MONEY.

BLACKMAX® 22

When crop prices fluctuate, it's tempting to try and save money by NOT using a product like Blackmax® 22. But here's the problem – when prices waver, improving yield and quality becomes your most important strategy. Blackmax® 22's proprietary LHC technology is optimized to promote better soil nutrition, reduce root and tissue burn from fertilizer and improve yield potential year after year.

So don't let "saving" money actually cost you money. Use Blackmax® 22 – because if you feed it, you need it.

Contact your local Nutrien Ag Solutions dealer to learn more about Blackmax22
