

DYNA-SHIELD® IMIDACLOPRID 5 is a proven seed-applied insecticide that offers seed protection against early season insect pressure. The performance of DYNA-SHIELD IMIDACLOPRID 5 parallels the effectiveness of other conventional seed-applied insecticides containing imidacloprid.

FEATURES:

- Proven seed-applied insecticide
- Concentrated and efficient formulation
- Compatible with complementary fungicides or other seed treatments

GROWER BENEFITS:

- Offers seed protection against insect feeding & damage
- Systemic activity to extend early season protection for seedlings
- Effective against a variety of listed insects, on a number of labeled crops

RATES:

Refer to the label for specific use rates by crop

ACTIVE INGREDIENTS:

Imidacloprid
