"CORN GROWING"

VO: Hear that?... (SFX: A WHISPER OF WIND) That's the sound of corn growing. Healthy, strong corn. Field corn treated with Awaken CoFlow. It's a seed treatment of seven nutritional ingredients. In field trials, growers enjoyed an average increase of seven bushels per acre. Your results may vary, but as you can hear (pause) Awaken CoFlow sounds pretty good. It's available exclusively at your Nutrien Ag Solutions dealer. So ask about it. Awaken CoFlow. The advantage.

"CORN GROWING"

VO: (SFX: A WHISPER OF WIND, UNDER THROUGHOUT.)

Hear that?... That's the sound of your corn growing. That's the sound of precision seed placement, better than average early growth, bigger yields, and being responsible about the environment.

(BEAT--WIND CONTINUES.) Not everyone can hear all this. But you can. That's because you started your season with Awaken CoFlow. It's a seed treatment for field corn of seven nutritional ingredients that helps with early growth, plus improved precision seed placement. And in scientific studies following industry protocols, Awaken CoFlow contributed to a decrease in dust-off. Growers also enjoyed an average increase of seven bushels per acre. Your results may vary, but as you can hear (LONG PAUSE) Awaken CoFlow sounds pretty good.

So here's to a better harvest with smarter seeds. Awaken CoFlow, available exclusively at your Nutrien Ag Solutions dealer. Learn more at [awakencoflow.com](http://awakencoflow.com). Awaken CoFlow. (BEAT.) The advantage.
